Hello! My name is Cian. I'm fascinated by the relationship between technology and design. I thrive in collaborative environments, I respect creativity and expertise, and I'm motivated by the user experience above all else.

## Experience.

### IT Business Analyst

Dublin, Ireland

ESB

June 2024 - Now.

IT graduate role with Ireland's Electricity Supply Board. Working in an agile project for the ESN Customer Portal. Collaboration with design, dev and business leads.

### JavaScript Lecturer

Dublin, Ireland

WEBTECH University

October 2023 - December 2023.

Delivered an introductory module to first year computer science students. Here I covered the basics of Javascript programming via lectures and lab workshops.

### UX Engineer

London, England

Feral Interactive

January 2023 - September 2023.

I designed and developed dynamic **user-interfaces** for mobile software. This was achieved through the use of HTML and CSS based language *RML*. I used **Figma** and **Photoshop** to create mock-ups and final designs.
